Mesaba Energy Project
PUC Docket No. E6472/GS-06-668

Name: Chad Karjala

Representing: _____

Email: _____

Address: P.O. Box 7

Tel: _____

Bovey, Mn. 55709

Comments:

The Minnesota DNR submitted numerous scoping comments related to water
discharge and mercury deposition. The DNR has also maintained a strong
interest in the Canisteo Mine Pit Lake trout fishery, as well as in
restoring water flow to Trout Lake (and therefore improving Trout Lake
water quality) from the CMP watershed. Why does it appear these comments
have not been taken into consideration?
